

You drive, we care.

Product Info Toll in Georgia

Information for drivers

- » When driving into the customs clearance zone (at the barrier) with your truck: hand over a copy of the registration confirmation issued at the border to an authorised person at the customs station, without leaving your vehicle.
- » After you have handed over the registration confirmation, you will receive a parking card and an entry permit for the control zone.
- » Park your truck in the parking area at the customs station in accordance with the number given on the parking card.
- » Hand over the documents for the goods from the truck to the importer.
- » Wait until the intactness of the seal attached to the truck has been checked.
- » The entry clearance allowing the truck to drive out of the customs clearance zone is granted after all the goods in the truck have been declared.
- » The truck is then driven out of the customs clearance zone and the importer or the driver submits the following documents when leaving the zone:
 - » The registration confirmation accepted by the control zone official (TIR Carnet).
 - » Declaration bearing the words “выпуск разрешен” (Release authorised) or “выпуск разрешен условно” (Release conditionally authorised).
