Product info - Helpsheet for obtaining discount - Öresund Bridge

By registering with Öresund as explained here, you can register your OBUs and conclude the discount agreement, after which you will receive your customer account details for accessing the Öresund website.

1. Please use the link

<https://www.oresundsbron.com/en/business/signup/bropasbusiness> and click on the option “Order BroPas Business and link your current bizzes / OBEs to your (new) contract.”

ORDER BROPAS BUSINESS AND DRIVE FOR HALF PRICE

With BroPas[®] Business you can drive across the Øresund Bridge at half price.

Order BroPas Business

You will get a BroPas Business contract, and be invoiced by the Øresund Bridge.

Order BroPas Business and link your current bizzes/OBEs to your contract

If, for instance, you have a BroBizz, DKV BOX, AutoPASS or AutoBizz, you can link your new BroPas Business contract to your current bizz/OBE.

Order BroPas Business without linking your contract to a specific vehicle

You will receive the iTICKET, the Øresund Bridge's electronic ticket.

You drive, we care.

2.. Enter the following details about each of your vehicles:

- Is the vehicle ≥ 10 meters? **Yes** -> please click, **No** -> leave blank
- The "**Serial number**" (=PAN, 19-digit DKV account number that you can find on the supplied vehicle declaration – see example on the next page),
- The vehicle registration number under "**Licence plate**"
- The "**Country of registration**" of the vehicle (select from list)
- Click on the blue button "**Register vehicle**".

Register licence plate
Registering your vehicle's licence plate will enable you drive straight through the Øresund Bridge's toll station. You don't need a bizz/OBE to drive across the Øresund Bridge.

Register bizz/OBE
Drive straight through the toll station and pay with your bizz/OBE. Your bizz/OBE can also be used to pay at other EasyGo toll stations.

Advise for usage

Before starting your trip, please check if the above mentioned DKV BOX REETS has been mounted properly in the vehicle referred above. The vehicle driver must carry the vehicle declaration on board during the trip. With any change of the above data this vehicle declaration loses its validity. Any changes have to be reported immediately.

Usage in Austria:
If the DKV BOX REETS can't be read automatically, either the above printed bar code or the bar code on the back side of the DKV BOX REETS has to be scanned. The DKV BOX REETS can't be used at GO vending machines.

Usage in Scandinavia:
In case that a toll barrier will not open automatically at a toll station in the DKV BOX REETS service area, present the PAN bar code printed above to the toll station personnel.
