

An excellent sign to increase fuel station turnover: Exclusive DKV exterior signage.

DKV Euro Service creates trust. **About 130,000 customers** place their trust in **Europe's largest service network** with over **65,500 acceptance points**. As a service partner, you can only profit from this. Since with your fuel station and the DKV sign you'll be counted as the **Number 1** place to go **for all drivers** who use the roads with the DKV CARD or the DKV BOX. And there are currently **over 2.6 million**.

The advantages to you of good DKV exterior signage

- » **clear signalling** showing DKV customers the way to you
- » New contacts and increased customer frequency
- » **Increase in station and shop sales**
- » Potential **gain of new customers**
- » Long-term **retention of existing customers**
- » „**Welcome Home**“ feeling fostered among DKV customers
